 (Aug. 2003 – June 2004)
 Construction Value: \$1,250,000

Architect: Eiger Consulting
 Contractor: Reckson Associates

Interiors Construction: 33,000SF

Summary of Project and Services:

JS&A provided Project / Construction Management Oversight on behalf of Lincoln Educational Services (LES) for their national headquarters at 200 Executive Drive, West Orange, NJ. LES is the parent company of a national chain of professional schools.

The gut rehabilitation interiors construction program included the complete renovation of offices, IT facilities, meeting rooms and conference spaces of this educational services firm. A sophisticated 8-month phasing plan was devised to work around full and expanding occupancy, throughout the duration of the construction.

JS&A's services included all aspects of scope, cost, schedule, and quality control for this multi-phased interiors construction program, including project planning, design management, and construction oversight.
