Various Expansion /  
Renovation Projects**

Franklin, NJ  
(July 2003 - Sept. 2005)  
\$6,300,000 (combined value)

Architect: Faridy Veisz, Fraytak  
Contractors: Multi-prime

***Summary of Project and Services:***

JS&A is providing Construction Management services for various additions and renovation projects throughout one of the fastest growing districts in New Jersey: Franklin Township, Somerset, NJ. Projects in the district include additions to the Pine Grove and Elizabeth Avenue schools and renovations to Conerly, McAfee, and Smith schools.

JS&A's role includes management and coordination of multi-prime construction contracts including cost control, schedule control, quality control, and field oversight.

Extensive planning was required for phasing and staging of the work in active school facilities.
